# Orzly Film Screen Protectors

## How to install on your device

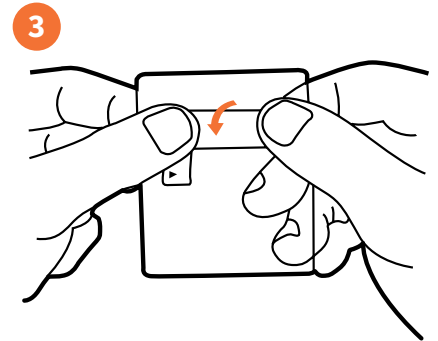

Orzly screen protectors provide protection without reducing screen visibility. The screen protectors are easy to apply, remove and replace. They provide a guard against dust, scratches and finger print smudges to preserve your phone's screen.

1 Clean your display with the cloth provided.

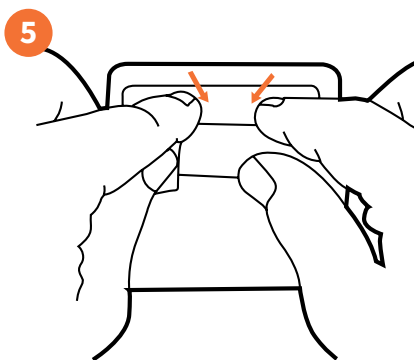

2 Find Tab 1 and peel this back slightly

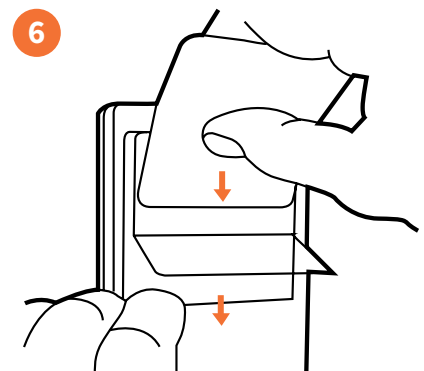

3 Peel back Tab 1 half way down the screen protector

4 Align the exposed part to your screen and stick it down

5 Carefully avoiding any air bubbles, peel back Tab 2

6 Peel back Tab 2 whilst using the card provided to push out any air bubbles
